## New Tax Withholding Tables Used to Calculate Benefit Payments Boise, Idaho - February 1, 2011

The new tax withholding tables issued by the Internal Revenue Service were not available when PERSI processed its January payroll in late December. Because the new tax tables were applied when PERSI calculated February benefit payments, retirees may notice a change in the tax withholdings from their benefit.

PERSI retirees wanting to adjust their withholding should complete a new **RS322 - Federal and Idaho Tax Withholding** form and submit it to PERSI.

To learn more about the tax credits and tax acts, here is a link to the IRS website:  
<http://www.irs.gov/index.html>

For the IRS publication titled *How Do I Adjust My Tax Withholdings*, follow this link:
