PERSI'S CHIEF INVESTMENT OFFICER BOB MAYNARD RECOGNIZED FOR ACHIEVEMENTS

Boise, Idaho - October 26, 2012

Asset International Chief Investment Officer (aiCIO) magazine has recognized Chief Investment Officer Bob Maynard of the Public Employee Retirement System of Idaho (PERSI) as one of the “Top 100 Most Powerful Asset Owners.” The inaugural aiCIO list represents what power means in the world of pension, endowment, foundation, insurance, and sovereign fund investing. Mr. Maynard ranked 57th. Individuals made the list based on either the sheer size of their capital pools or the influence they wield because they are held in such high esteem among their peers. The magazine noted Mr. Maynard was the first North American accepted into the budding 300 Club, a small group of global investment professionals whose mission is to raise awareness about the potential impact of current market thinking and behaviours, and to call for immediate action.

Coming on the heels of the aiCIO honor, the PERSI Retirement Board recognized Mr. Maynard for his 20 years with PERSI and for his contributions to making the system one of the most respected, stable, and well-funded retirement systems in the country. A letter from Governor C.L. (Butch) Otter also thanked Mr. Maynard for his 20 years of public service with the State of Idaho.
