

# Empower Retirement Plan Counselors: Virtual Support for your Real-Life Retirement Questions

It can be hard to plan for the future when the present is so unpredictable. You might even think that it doesn't make sense to prepare for a retirement that's decades away when you're not sure about how to plan for next week. But the fact is that despite the uncertainty we all face, you still need a plan for reaching your retirement income goals. The good news: you're not on your own.

Your Empower Retirement Plan Counselors are ready and available to help you develop a personalized strategy for your future retirement—whether you're just beginning your career or counting down to your planned retirement date. And even though you can't meet face-to-face, you can still meet one-on-one. Oscar Lopez and Ali Belden can connect with you virtually to discuss your unique situation and work with you to answer questions such as:

- How much retirement income will I need?
- Am I saving enough to reach my retirement income goals?
- How do I create a long-term strategy amid short-term volatility?
- How does the CARES Act affect my plans for retirement?
- How can I take better advantage of the services and features of the PERSI Choice 401(k) Plan?

You can't predict the future, but you can still prepare for it. To book a virtual session with Oscar or Ali, visit the online scheduling tool available [here](#). Or contact them directly by phone or email.
